Our Mission

MISSION

To provide world-class steel fabrication, profiling and end-to-end engineering solutions — on time and with uncompromising quality. We aim to empower customers across industries by combining advanced manufacturing, responsible sourcing, and continuous innovation.

What this means for customers

- ✓ Precision with integrity
- ✓ On-time execution
- ✓ Quality without compromise
- ✓ Responsible sourcing
- ✓ Continuous improvement

Our Vision

VISION

To be the trusted, innovative partner for fabricators and manufacturers worldwide — recognized for sustainable practices, on-time delivery, and best-in-class technical expertise that drives our clients' success.

What this means for customers

- ✓ Benchmark for Indian fabrication
- ✓ Trusted global partner
- ✓ Sustainable growth
- ✓ Technical excellence
- ✓ Customer success

Integrated Manufacturing Capabilities

Profile & Laser / Plasma Cutting

Large-format profile cutting, laser and plasma cutting capability.

Bending & Forming

CNC press brake and bending capability for fabricated components.

Heavy Fabrication

MIG, TIG, ARC and SAW welding with qualified welders.

Heavy Machining

VMC, HMC, VTL, HBM, plano milling, turning and drilling.

Surface Treatment

Shot blasting, painting and dedicated booth facilities, SR.

Quality & Measurement

Dimensional measurement and dry-film-thickness controls.

POWER BACKUP

200 kVA Green Generator Set

Letter Recommendation

Bariloche, 19 September 2025

To:
Whom so ever it may concern,

M/S TALEGAONKAR PROFILES PRIVATE LIMITED (TPPL), has been INVAP's vendor for Hot Cells Steel Shielding Systems. TPPL has successfully completed the works (about 500 metric tons, 100mm thickness) including from manufacturing up to on-site installation at BRIT/BARC facility in Mumbai. INVAP appreciate the quality and TPPL business culture.

Sincerely,

ARNOLDO J. ALANIZ
